DETAILED ACTION

Response to Arguments

1. Applicant's arguments, submitted August 16, 2007, with respect to Claim 1 have been fully considered and are persuasive. The rejection of Claims 1, 5, 6, 8, 10, 11 13, and 14 has been withdrawn.

Allowable Subject Matter

2. **Claims 1, 5, 6, 8, 10, 11 13, and 14 (now respectively renumbered 1 – 8)** are allowed.

3. The following is an examiner's statement of reasons for allowance:

The closest prior art discloses a light amount adjustment unit having an optical member that receives a light beam from an object, a light amount adjustment mechanism to adjust a light amount of the light, and a light amount adjustment actuator unit.

However, the closest prior art does not teach or fairly suggest does not teach a light amount adjustment mechanism, a first case accommodating an optical member and a light amount adjustment mechanism, and a coupling means provided between the first case and the second case to couple the light amount adjustment unit and the lens unit.

4. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
